15 The point for orders is what action has to be taken with regard to the Mc Council's resolution now communicated as regards the liberal interpretation of the provision regarding the granting exemptions from the levy of house taxes &c.

16 The present proposal of the President of the Bangalore Municipality is virtually an application for exempting Government Servants from all Municipal taxation in future years. The point for determination is whether the interpretation suggested by the Municipal Council regarding the nature of residence by the persons ~~and Nursing~~ in the buildings in question, may be accepted. The Proviso (a) to Sec 59 does not appear to be clear on the point. It exempts from taxation buildings ordinarily used for charitable but not residential purposes. The Municipal Council would appear to make out that the use

by the Sisters on the premises in question is closely with a charitable object and that in view thereof a liberal interpretation of the section is necessary. There is no doubt some force in this argument and it gains support from the fact that the residential quarters in St Marthas Hospital have not been assessed for rural taxes, while Dover Nos which has been let out has been so taxed. But in the case of such buildings occupied rent free, the municipal taxes are paid by the departments concerned. The case however is different as regards private institutions. It is a matter for consideration whether when the main charitable institution is exempt from taxation it would be reasonable to impose taxes from those who carry on the work of charity here therein. Presumably the Sisters here in Dover are Roman Catholic and charity Sisters. The need for encouraging such institutions is great and a liberal interpretation of the section under discussion would not be irregular and the amendment proposed by the managing committee does not appear to be necessary.

necessary information is to be on this point as regards whether the Sisters here in the institution

information in connection with the proposed exemption from payment of Municipal taxes on house No 1 in Seethapathi Agrahar. Also opinion of the Managing Committee on the subject

Resolution - Although as opined by the Managing Committee buildings of the nature now under consideration are not entitled to exemption from Municipal rates and taxes according to a literal interpretation of proviso (a) of Section 59 of the Municipal Regulation, the Council consider that public interests enjoin a more liberal construction of the proviso which really defines the properties which should not be brought on the Municipal assessment without the express sanction of Government In the case of the buildings discussed by the Managing Committee they form an integral part of Charitable Institutions and the Council are satisfied that the purpose of the charity requires that the nurses and Sisters should live on the premises in St Martha's Hospital, the Sisters on premises No 1, Seethapathi Agrahar and the orphans in the Wesleyan Mission Boarding House Under these circumstances the Council consider that the exemption prayed for may be granted in the case of house No 1, Seethapathi Agrahar and continued in respect of the other two buildings
